POETRY.

The Swing in the Apple Tree.

The sunbeams come, the sunbeams go,
The boughs droop gently over;
I hear the breezes laughing low
Among the blossoming clover,
A-swinging to and fro, I pass
Though leaves that autumn dapples,
And watch upon the fading grass,
The fall of russet apples.

I listen for the babbling creek
That stirs the noonday quiet;
Of summer gone, its quavers speak,
Of flag flowers running riot.
O, lonely creek, your shallow brink,
Another spring will grow them;
For flowers bloom full sweet, I think,
Where'er the angels sow them!

I hear across the meadow lots
The sheep bells softly tinkle—
They crop the tender daisy plots
'Ere frosts begin to wrinkle.
I cannot see one katydid
Of all that make this wrangle,
I wonder if they hav'nt hid
Among the love in tangle!

A kildeer cries above my head,
The branch beneath him quivers,
And downward through the sunlight red
A golden apple shivers.
My swing goes up, my swing comes down,
The zephyrs hurry after;
And hope and youth triumphant crown
The day with joy and laughter.

NEWPORT DAILY NEWS.

THURSDAY, April 2, 1868.

FOR PRESIDENT,
ULYSSES S. GRANT.

The State Election.

The Election yesterday in other parts of the State resulted more favorably than was anticipated for the Republicans. General A. E. Burnside has a majority of 4899 which is an increase over last year.

Notwithstanding the general apathy that was thought to prevail, and of which our opponents hoped to take advantage, a larger vote than usual was polled, though it was by no means a full one. Thus Rhode Island keeps the ball moving which was set in motion by New Hampshire and sends her greeting to Connecticut which cannot fail to be more or less influenced by the noble examples set by these sister States.

By the returns as found in the Providence *Journal* of this morning it is found that the Republicans have elected 27 senators while the Democrats have only 5. In the House the Republicans have 62 and the democrats 8 which is certainly a sufficient majority for all practical purposes. The result is certainly gratifying as there has been a persistant effort to create the impression that a reaction was sweeping over the country which was to overthrow the party now in power.

The returns received are from all the towns except New Shoreham.

Our Mayoralty.

In about two weeks the citizens of Newport will be called upon to elect a Mayor to fill the place of Hon. Samuel A. Parker who was yesterday chosen General Treasurer. It is an important and responsible position and the incumbent should be selected with care, and with a view to the interests of the city at large. No man's personal ambition, no partisan interests no local questions as between one section of the city and another should be allowed to have any thing to do with it. The people should make their own selection and should have the interests of the city rather than those of any particular man, or any particular class of men, in view.

Our people generally will regret to lose the services of Mr. Parker, who has filled the office with credit to himself and with honor to his constituents. They are reconciled to a change only because he is, as they esteem it, called to a position more congenial to his own feelings, and for which he has especial qualifications. We learn of quite a number of candidates for the place and among them are Thomas Coggeshall, R. J. Taylor, David Gould, Wm. H. Cranston, and Samuel Brown. We have no doubt that the selection will be a good one as the list of candidates even if it were not extended, presents names from which there is no difficulty in finding the right man.

A MORMAN SPLIT.—Joseph Smith, the founder of Mormonism, left a son, who inherited the parental name, and claims, we believe, to be his father's successor. Joseph Smith, Jr., writes under a recent date to a Chicago paper, recounting some of the details of Mormon history, and showing that at the time of the general hegira to Utah, certain fragment of the church remained behind in Illinois and the adjacent States. Efforts have been made from time to time to form these fragments into an association for mutual support and for the promulgation of their doctrines. In 1852 these efforts began to be successful, and in 1860 an organization was formed at Amboy, Lee county, Illinois. With this Joseph Smith, Jr., the veritable High Priest of Mormonism is identified.

In his letter Joseph does not make it appear that the doctrines of Mormonism as it should be, differ from those of Mormonism as generally understood, save in one respect—but that an important one. Polygamy is the rock on which the Mormon community splits. Joseph, the First, was the husband of one wife. The prophet never dreamed of having thirty-five wives like the shameless apostate who assumes to be his true successor. Polygamy was instituted no doubt at the suggestion of the Mormon Old Nick," who may be Brigham Young himself, for ought we know. Joseph, the Second, looks upon those who have followed the lead and dictation of Brigham Young as "plunged into error and vice," He now proposes, with his Illinois organization, to make "open, fearless, hostile and unyielding opposition to the doctrines of polygamy and other of like demoralizing tendencies held and taught" in Utah. It being well known that there is a strong party of Smithites in Utah, it is not impossible that the wrangling of the Saints, may result in their social purification.

DELICATE PIGS.—Last summer a party of ladies and gentlemen, spending the season at Rye Beach, N. H., went on a picnic to Exeter. After a day of fun and frolic, they packed up their baskets for a return, and found quite a large quantity of edibles undevoured, which it seemed a pity to waste. But, as there are no paupers in that part of the world, and the farmers are quite too independent to be made objects of such favors, there seemed no disposition to be made of the viands but to make an offering to some very appreciative-looking pigs that were making their wants quite audible in a neighboring pen. Accordingly, one of the gentlemen was about disposing of the remnants in this way, when he was saluted, to his astonishment, by the owner with "Holloo, I say, stranger, what *air* you doing there!" His charitable purpose being explained, our friend was about to execute it, when he interrupted: "Wall, I rather guess I wouldn't, stranger; we're puty particular about our pigs!" It is need less to say that the entire party, with all their commissary department, made an abrupt retreat to Rye, and the subject of pork has ever since been a very sore one.

Continental finances are not prosperous, Russia alone showing a surplus.

Fall River.

NEW COTTON MILL.—We learn that stock in a new cotton factory has been subscribed for, and, that the share holders are to organize on Friday next.

ACCIDENT.—Dennis Sullivan, a youth about twelve years of age, son of Daniel Sullivan fell down stairs at the Linen Mill this morning and fractured one of the bones of his arm. Dr. Smith was called to the relief of the sufferer.

SAD ACCIDENT.—The New Bedford *Mercury* says Mr. John Menage of that city met with a distressing accident, as he was returning from Boston in the train last evening.—Arriving at Mansfield, he left the cars for a few moments, when he heard the cry "All aboard;" and hastening back, found the cars in motion. In attempting to get on the platform of a car he fell to the track, and the wheels passed over his foot, crushing it frightfully. Fortunately he had sufficient presence of mind to catch and cling to the platform as he fell, or he would have lost his life. He was taken to his residence in New Bedford, where Dr. J. H. Mackie amputated his foot.

If the New-Jersey Legislature could be supposed to be capable of shame, we should congratulate ourselves on the flat rejection which its communication informing Congress of the withdrawal of its consent to the Constitutional Amendment met with in the House yesterday. It is not often that the House of Representative declares the resolutions of a State Legislature "disrespectful to the House and scandalous in character." But then, no infamy could be heaped upon the Jersey Democracy to equal that which it threw upon itself in the repeal of the amendment.—*Tribune.*

THE ERIE QUARREL.—It is stated that Mr. Jay Gould, one of the Erie Directors, whose arrest at Albany has been announced, went to Albany for the purpose of urging the passage of a new bill in relation to the last issue of Erie stock. He was in Albany several days before his arrest, and it is supposed that he had already done the work expected of him. The report that he had left for Ohio was of course incorrect. The *Evening Post* says there is no appearance of a compromise between Messrs. Vanderbilt and Drew. The Directors of the Company are determined to remain at Jersey City and conduct the business of the road, unless their opponents see fit to carry the case to the United States courts.

A NEW WONDER.—A London musical paper says that by the adoption of Baker's system of electricity to organs, it is possible for a performer in England to play an instrument situated in America.

To have the great organ in the Boston Music Hall, or that in Mr. Beecher's church played by the agency of the Atlantic cable, would now a-day be regarded as no more of a wonder than the laying of the cable itself. That was considered an impossibility only a few years ago.—*N. Y. Evening Post.*

ENGLEY'S CASE.—James E. Engley was brought before the court in New York, on Monday, charged with conspiring to rob the Merchants Union Express Company, and also with attempting to rob that company. On the first charge a *non contendre*, which is equivalent to a plea of guilty was entered, and the trial will rest on the latter charge. No witnesses were examined.

The New York World thinks that business men like narrow streets. On this theory Boston with its crooked and narrow thoroughfares may yet be in the extreme of fashion and all Broadway be mere widths of nuisance. Our city engineer can furnish plans and specifications *ad infinitum* for the World and the rest of mankind.

Reports from Buffalo indicate that lake navigation is about to open at an unusually early period. The ice has disappeared, and a fleet of vessels are about to leave for various points. This will materially aid in the revival of business, which so many other circumstances are conspiring to produce. We look for an active Spring.

The Liverpool *Daily Post* says: "Mr. Train, who does not think the British public are doing him justice, is about to issue a daily newspaper from the prison in which he is confined for debt. A publisher has been secured, and the price will be one penny."

SUDDEN DEATH. In Lynn on Saturday last a young lady named Mary Conley, aged nineteen, was seized with a sudden and severe attack of bleeding at the mouth. She bled until quite exhausted, and died before medical assistance could arrive.

SUPPOSED SUICIDE OF A BOSTON MERCHANT.—The body of Mr. Nesbit Lawrence, of the firm of Lawrence, Wright & Co., has been found in the Charles river, near the Cambridge bridge It is supposed that he committed suicide. The deceased was the son of Samuel Lawrence.

AN INCENDIARY IN BUFFALO.—Nicholas Smith, who was arrested a few days since, confesses to having set fire to eighteen different buildings in that city within the last two months.

The New York Legislature has killed the bill to allow a tunnel between New York city and Brooklyn, beneath the East River.

In the St. Helens district of England, twenty thousand colliers are on a strike in opposition to a fifteen per cent. reduction of their wages.

Gen. S. F. Carey of Cincinnati, who voted against impeachment, and now sustains the President's crimes, claims to be designated an "Independent Republican," doubtless in the same sense that Judas Iscariot was an "Independent Christian."

An English paper says that one hundred pound confederate cotton bonds, can be bought for five pounds—an assertion no one will feel called upon to dispute, or even to test its truth.

The McArdle case has been definitely put over to the next term of the U. S. Supreme court.

About Home.

THE ELECTION.—The election yesterday passed off very quietly in this city. The vote polled was not large though quite respectable, and it was nearly all one way. A certain gentleman in the Fourth Ward who sometimes boasts that he has the power to control his countrymen and have them vote as he pleases, attempted a little diversion on the Assembly ticket by nominating what he termed a citizens ticket, substituting the name of Thomas Galvin for that of C. C. VanZandt, and Stephen P. Slocum in the place of Lucius D. Davis, and showed his strength by doing so. Perhaps he will not be so confident hereafter that he really *owns* as many voters as he supposed. With this exception there was no opposition to the regular ticket. The result by wards is as follows:

Burnside	94

LITTLE COMPTON.—The voting on General Assembly Ticket yesterday was quite spirited and the vote polled very large. The Senator was chosen by 3 majority, and it is said his election will be contested. The Representative had a majority of five.

PERSONAL.—The gentleman appointed to the pastorate of Marlboro Street Church is Rev. Wesley O. Holway, of Maine.—Not being a member of Providence Conference, he is not named among the appointments from that body. Mr. Holway is a graduate of Harvard College and has been engaged as principal of a Seminary in Maine, for several years, and more recently the popular pastor of various Churches of the Methodist Episcopal Conference in that State.

GOOD ENOUGH.—Our friend Gen. Newton who has charge of the interests of the Democratic party in this section of the State sent a package of tickets to a gentleman in the first ward yesterday with the expectation that they would be duly spread at the polls. Somewhat late in the day he learned that none were to be found at the place of voteing, and upon inquiry ascertained that the package had been given into the hands of a lady who on being told they were "tickets", supposed them to be tickets for the theatre, and had laid them by, without examination, for future use. The zealous Democrat remedied the evil as soon as possible.

AN IMPORTANT FACT TO HOUSEKEEPERS.—The Auction sale of Crockery, China, and Cutlery at Aquidneck Hall commences tomorrow afternoon at 2 o'clock and will be resumed in the evening at 7—The entire Stock which is all of best quality is to be sold *without reserve.* Seats will be provided for Ladies. Goods on view this morning.

The New Haven Railroad Company intend shortly laying down about four thousand tons of steel rails upon their road in places where the iron rails need to be taken up. Steel rails, though they cost considerably more than iron rails, are far cheaper in the end, through their strength, firmness, and slight liability to be rendered brittle by cold; and several roads throughout the Union have already many miles of track laid with them.

A Hartford Democrat ungratefully remarked to a Republican, apropos of Andrew Johnson, "you got the old fool in now you may get him out."

Train, in prison for debt, has gone to publishing a newspaper. A clear case of defying fortune.

DIED.

Funeral Saturday afternoon, at 3 o'clock, from No. 18 Mount Vernon street. Relatives and friends are invited to attend without further notice.

SOMETHING NEW!—We publish to-day one of the most unique and attractive advertisements that our columns have contained. It sets forth the merits of a new article now being put upon the market by the well known and enterprising firm of C. A. Richards & Co., Wine Merchants, of Boston. We have no doubt that the Sonoma Wine Bitters will prove to be all that it is represented to be, as we understand that it has the endorsement of the medical fraternity all over the country, and Messrs. Richards & Co. are certainly sparing neither pains or expense in its introduction to the public. We hear that the sales of this article are truly surprising for their magnitude, considering the short time that it has been before the people.

Babcock, Scientific Dermatologist, 28 Winter Street, Boston, successfully treats all diseases of the Hair and Scalp, Loss of Hair, Premature Greyness, Baldness, etc.—Dr. Babcock treats the Hair and Scalp on a physiological plan—not upon any "One Remedy System"—but adapts the remedies to the special requirements of each case. He devotes his attention exclusively to diseases of the Hair and Scalp, treating them in the most advanced European methods, and not in the imperfect manner hitherto generally adopted in the United States. No charge for consultation. A pamphlet with the State Assayer's report upon Dr. Babcock's thirteen remedies free.

TO PERSONS AT A DISTANCE.—Dr. Babcock is treating parties in all parts of the United States, Canada, etc., personally, when they visit him, otherwise by correspondence. DR. BABCOCK'S HAIR DRESSING. The State Assayer recommends it. No other preparation so safe, so good, or so cheap. Price One Dollar. Sold by Druggists everywhere, and by Dr. George W. Babcock, Scientific Dermatologist, 28 Winter Street, Boston.—2aw row

NO WONDER that so many worthless medicines are advertised for the cure of various diseases, and when tried, "found wanting," that the invalid loses all faith in specifics. We have yet to learn, however, of the first failure of Wistar's Balsam of Wild Cherry, to cure coughs, colds, and pulmonary disease. 1w

MRS. S. A. ALLEN'S IMPROVED (new style) HAIR RESTORER OR DRESSING, (in one bottle). Two weeks' trial, and you have the guarantee that you will not have a gray hair in your head. The natural color and beauty are restored, and a new and luxuriant growth is the result. We hear this spoken by those who have used it, and we predict hosts of friends for the Improved preparation, and we are happy to state the price is only One Dollar per bottle. Section 1. The sum of twenty thousand dollars in addition to the amount now appropriated by law is hereby annually appropriated out of the State Treasury for the support of Public Schools, to be apportioned among the several towns in the same manner and the same form and subject to the same conditions as the annual appropriation of fifty thousand dollars has heretofore been apportioned for the support of Public Schools.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced ten-fold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in
Dr. Wistar's Balsam of Wild Cherry,
whose value in curing *Coughs, Colds, Bronchitis, Whooping Cough, Croup, Asthma, Pulmonary Affection, and Incipient Consumption* is incalculable.
Strong Testimony.
From BENJAMIN WHEELER, Esq., Depot Master at South Royalston, Mass.
"In the spring of 1858 I was most severely afflicted with a hard, dry cough, with its usual accompaniments of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Cherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave.—You are at liberty to use this for the benefit of the afflicted."
Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

The best known remedy for
SCROFULA
In all its manifold forms, including *Ulcers, Cancers, Syphilis, Salt Rheum, &c., &c.*, is Dr. Anders' Iodine Water, a pure solution of Iodine *without a solvent*, discovered after many years of scientific research and experiment. For eradicating humors from the system it has no equal.

HEALTHY! HAPPY! AND HUNGRY!

Well, reader! don't you think that a pretty comfortable sort of a feeling? Now you just keep on reading and you will find out what it is that will bring these three blessings straight into your life, and when you once get them, don't blame our remedy if you don't keep them there.

HEALTH!

Good health! What is life worth without it? How it sweetens every joy and doubles every pleasure.—**The HEALTHY ARE THE HAPPY.** A good digestion is what you must have before you can enjoy anything.

What is the Use

Of standing before some beautiful object of art, and as the mind fills with admiration with its pleasing beauties, you feel some confounded pain in your head, or somewhere else, which sends you away heart-sick and disgusted with yourself and everybody else.

How Can You be Happy

under such circumstances?

THEN, AGAIN,

What sense is there in sitting down day after day to a good dinner that your wife has worked hard all the forenoon to get up for you, and finding that while the spirit is willing, the flesh is so miserably weak and fagged out, that you had rather go to sleep than try to eat anything?

THE FACT IS,

You are not hungry, and you feel as though you would exchange most anything you have to be able to sit down and eat a

Good Square Meal,

Just as you did when you were HEALTHY, HAPPY, and HUNGRY BOY.

How your ideas of

HOW TO GET BETTER,

Are rather mixed up. You fancy you have got to go to the Doctor and get a lot of medicine, and stay in the house long enough to let half your notes lay over and have a general sort of a two-story sickness. You need not do anything of the kind to be

Healthy, Happy and Hungry,

Because you can just go to the

Apothecary or Grocery Store

at the corner, and get a bottle of

C. A. RICHARDS & CO.'S

SONOMA WINE BITTERS,

And you have then done just the right thing, and you will find it out yourself. They will drive away all those languid, heavy, dull feelings, and make a new man of you. Then don't save it all for yourself, but

Pass it Around,

Give it to your wife, deal it out to the children, send it in to the neighbors, and take it down town to your office. It won't hurt you. It will not intoxicate and muddle your head. There is but very little spirit in it, no more than there is in any pure native wine.

The plants and roots with which it is bittered have a WONDERFUL POWER to make you HUNGRY, and the combination forms a medical effect that works like

A Charm in the Spring-Time.

Accompanying each bottle is a pamphlet, that gives the entire explanation of the great curative properties of all the articles that make the

Delightful Taste and Smell

Of the Sonoma Wine Bitters.

GROCERS, APOTHECARIES,

Druggists and Country Store Keepers, all over the United States, are sending in their orders. Our Travelling Agents write us that it sells like fun, and we begin to think it does when we try to fill our orders.

TELEGRAMS.

FROM WASHINGTON.

—o—

The Senate Action of Yesterday Generally Approved.

—o—

ENTIRE CONFIDENCE FELT IN THE CHIEF JUSTICE'S RULINGS.

—o—

An April-fool Hoax at the White House.

—o—

[Special Dispatch to the Boston Journal.]

WASHINGTON, April 1, 1868.

Conservative men of all parties here indorse the action of the Senate yesterday sustaining the Chief Justice in his opinion that the Senate sits as a court of jurisdiction when an impeachment is being tried, and that he, as the presiding Judge, is to decide questions of order and of evidence subject to the approval of the Senate should any Senator ask for a vote upon it. This was the way in which the rule was reported to the Senate, but it was changed to suit those who assert that the proceeding has no analogy to that of a court, and who desire to relieve the Senators from the responsibilities which were attached to judical action under the sanctity of special oath.

The attendance this morning in the Senate galleries was more numerous than yesterday, although the *Republican* had announced a rival attraction at the White House, where it said that Ambassador Burlingame, with his attendant mandarins, were to be officially presented at noon. Those who went to witness this show ascertained that it was an April Fool hoax, and were disgusted.

The seven Associate Justice of the Supreme Court, accompanied by the Chief Justice, were at Brady's gallery this morning and made several sittings for pictures. The President's counsel will be photographed to-morrow.

Another Issue Raised.

At the conclusion of the journal Mr. Sumner moved for the correction of the journal so far as the same related to the vote of the Chief Justice to decide the tie vote of 25 ayes, 25 nayes in the retirement of the Senate.

Mr. Sumner, alleging that the Chief Justice had no right to vote in any case, the ayes and nays were demanded by the Senator, resulting, ayes 21, to nays 27.

It is free from silver, lead, sulphur, acids, alkalies or injurious substances of any kind.

SECURE A POLICY —IN THE— NORTH AMERICA LIFE INS. CO.,

I. Because it gives more Liberal Policies, than any other Company. They are all nonforfeiting and incontestible. It insures **Officers of the Army and Navy,** in times of peace, at the usual rates, with no increased risks in event of hostilities. It makes no extra charge on change of occupation, nor for **TRAVEL or RESIDENCE, at any season of the year,** in the United States or Europe

NEARLY A WORLD-WIDE POLICY.

It allows thirty days grace, on renewal payments and grants *weekly compensation* to those injured by public travel.

II. It is Most Secure.

It makes special deposits in the Insurance Department of the State of New York, for which the State guarantees the payment of its Policies, in case the Company should at any time fail to meet its obligation. No other Company gives the assured such security, or anything equivalent thereto. **That is Best which is Most Secure,**

III. It is most economical. Its ratio of claims and expenses, last year, was less than that of any other Company in the United States, which had been in operation a full year. Too leaving in the hands of the Policy Holders the largest proportional sum for dividends.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the *only* entrance to his Office is **No. 21,** having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by the dead, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed air chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful housewife: the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

Oxygenized Air,

A CURE FOR

CATARRH

AND DISEASES OF THE THROAT AND LUNGS,

Applied by

DR. C. L. BLOOD,

No. 9 Montgomery Place,

BOSTON, MASS.

CHRONIC CATARRH.

Why entertain this loathsome disease when relief can be obtained? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is invariably caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the Bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, its contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral properties of the blood to deposit therein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxygenized Air we have a positive cure for this disease. The remedy is taken by inhalation—breathed directly into the Lungs and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you will see that the cause of the disease is removed, and the disease itself must follow.

In the same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from those diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a description of those diseases.

Out of the many thousands of testimonials received we publish the following:

Dr. C. L. Blood,—

Dear Sir:—I desire to give you my testimonial in regard to the value of your scientific system of treating Catarrh and diseases of the Respiratory organs. I have used your remedy, "Oxygenized Air," in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and Consumption in their advanced stages. I unqualifiedly pronounce "Oxygenized Air" the greatest boon ever yet conferred upon our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic affections.

Fraternally yours,
I. M. LEE, M. D.
No. 109 Westminster Street, Providence.

Dr. C. L. Blood,—

My Dear Sir:—I have tested your remedy, "Oxygenized Air" in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory; on positive am I of its wonderful power to arrest the progress of the above named diseases, that I can conscientiously advise all who may be suffering from them to place themselves under the treatment at once.

Respectfully yours,
REV. R. TOMLINSON,

PRICE ADVANCED—PAR & INTEREST

THE

Central Pacific Railroad

THE WEST AND PRINCIPAL PORTION OF THE

National Trunk Line Across the Continent

is being rapidly carried forward by an unprecedented working force; and it is reasonably certain that the CONTINUOUS OVERLAND RAILROAD CONNECTION FROM NEW YORK TO SAN FRANCISCO WILL BE MADE IN 1870.

The United States Government furnishes, upon a subordinate and contingent lien, half the means for constructing the Main Stem Line; and besides an absolute grant of 12,800 acres of valuable public lands per mile, the Central Pacific Railroad Company have received from California sources, donations and concessions worth more than $3,000,000. The available resources of this Company are therefore abundant for the purpose, amounting to $71,000,000 on the first 726 miles of the Line, including Loans secured by a First Mortgage upon the whole property, to the same amount only as the U. S. Subsidy Bonds.

The results already attained, although under comparatively unfavorable circumstances, afford substantial ground for believing the CENTRAL PACIFIC to be the

Most Favored, Productive, and Valuable Railroad Enterprise in the Country.

In consequence of the large and rapidly increasing demand, the price of these Bonds has been advanced, and the Company are now offering for sale, a limited amount of their

First Mortgage Six Per Cent. Bonds,

Principal and Interest Payable in Gold Coin,

in sums of $1,000 each, at par and accrued interest from January 1st, in currency.

These Bonds, it is believed, possess the elements of *safety, reliability* and *profit,* in a greater degree, than any other class of Corporate Securities now offered, and are therefore very desirable for steady investments of surplus capital.

Investors will bear in mind the following advantages:

I. They are the first mortgage on one of the most valuable and productive lines of railroad in the world.

II. The actual earnings from local business in 1867 were more than *four* times the annual interest engagements.

III. The hard part of the work is now done, and the prospects of rapid completion are favorable.

IV. The Company have liberal subsidies, which enable them to prosecute the work with great vigor.

V. The management has been exceedingly prudent and frugal.

VI. There is already a large and growing settlement on the completed and graded line.

VII. The lands promise to be of immense value, 35,000 acres having been already sold.

VIII. Both principal and interest are explicitly made payable in gold coin.

IX. Both the aggregate amount of issue and their standing in Europe will insure for them continued activity and a high rank among standard securities.

At this time they yield nearly

NINE PER CENT. UPON THE INVESTMENT.

Holders of Government Securities have an opportunity of exchanging them for Central Pacific Bonds, bearing an equal rate of interest, with the principal abundantly secured, and of realizing a profit of from ten to fifteen per cent. in addition.

Orders sent with the funds through responsible Banks or Express Companies will receive prompt attention. Bonds sent by return Express, to any address in the United States, at our cost. Information, Descriptive Pamphlets, Maps, &c., furnished on application at the office of the Railroad Company,
